

A simple example

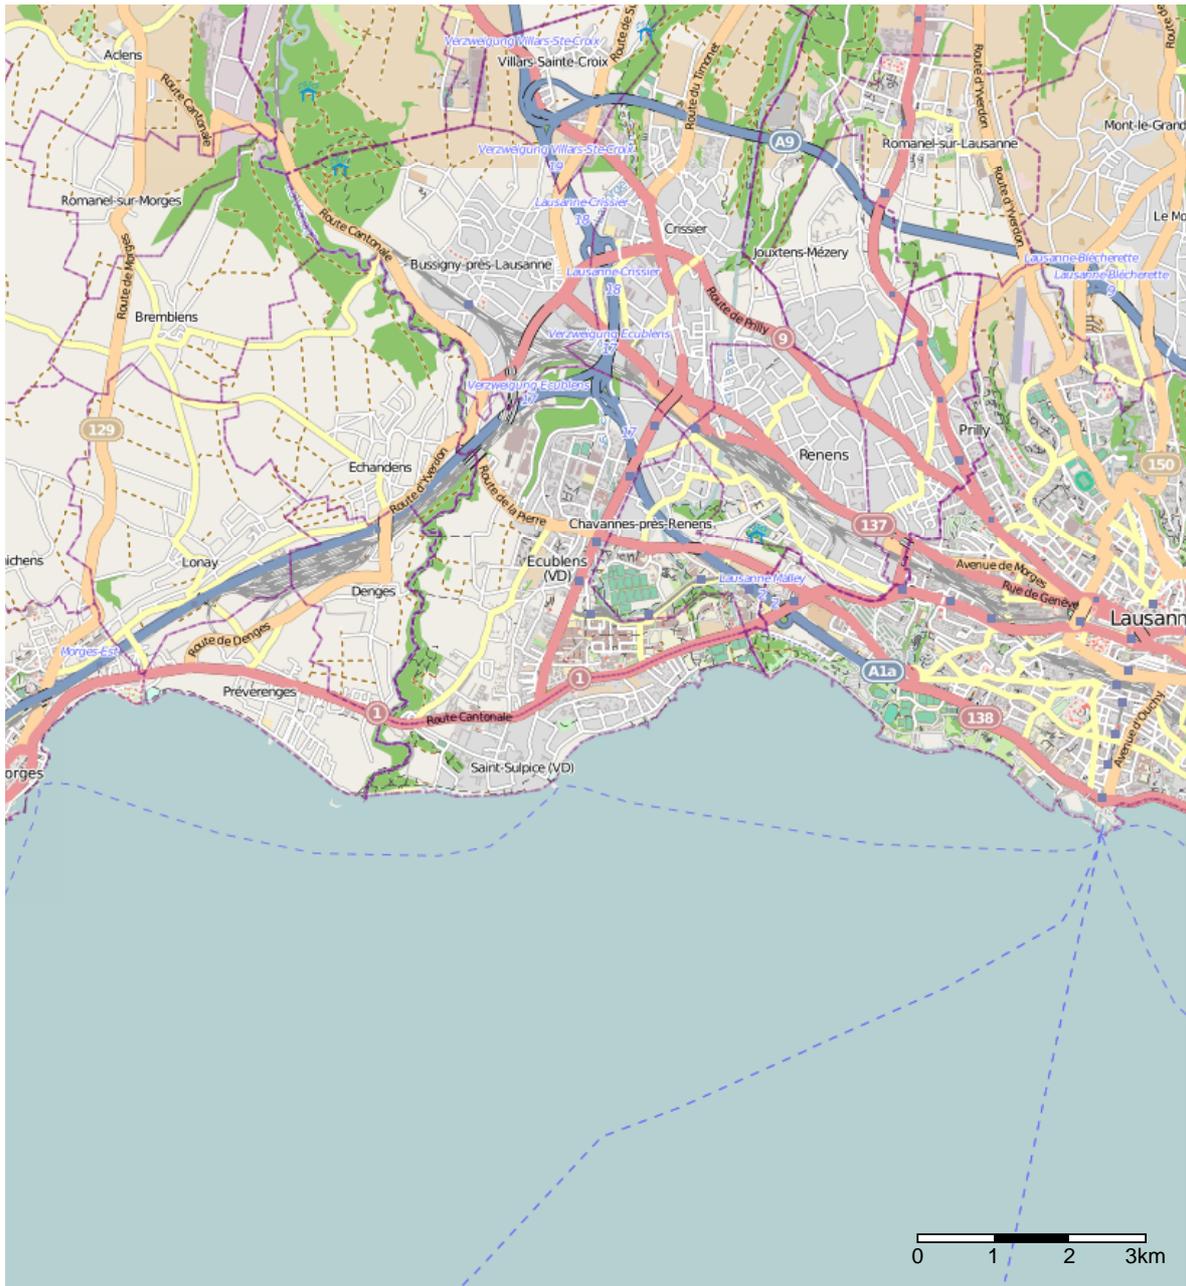

Two layers are asked by the client:

- a base layer from Metacarta
- a transparent layer from Camptocamp.org (routes)

Some text is added over the map, just to demonstrate the absolute positioning.

OSM Map

This is the first page selected by the user.

ID	Name	Symbol
1	blah	
2	blip	

1:100000 04.21.2011
